

CEHS-CI 04 cable

CEHS-CI 04 cable

The CEHS-CI 04 cable is ideal for all users of professional DECT headsets, in combination with one of following EHS-compatible Cisco desk phones:

- Cisco 8941
- Cisco 8945

This cable is an enhancement for any contact center or corporate office environment. It has been specially designed to make calls convenient to manage – thanks to easy set-up, single-button operation as well as efficient and flexible answering/ending of calls.

The CEHS-CI 04 is compatible with wireless DECT headset variants from the Sennheiser SD Series and D 10 Phone.

See list of compatible product variants here below under general data or visit www.sennheiser.com/headsetcompatibility

Benefits and Features:

- Remotely answer your phone calls
- Handle all calls by the press of a single button, i.e. end the call
- Get notified from the distance about incoming calls by the ring tone in the headset
- Efficient and flexible call handling i.e. take or end the call
- Call control towards the phone without using a mechanical handset lifter
- Easy setup
